VITA

After her education as a qualified kindergarten teacher and several years of professional experience, Manuela Fuchs moved on to her second carrier and completed a bachelor's degree for working design and HR management in Vienna. Further education followed, such as her diploma study in systemic coaching, people & organizational development at ARGE Vienna.

Beside her education Manuela Fuchs was also able to gain professional experience in different industries, like IT, sales, and education business. Her professional highlights were the position as the leader of the sales college at XING E-Recruiting and as HR business partner for an SAP service provider.

As she was always striving to develop professional skills over the last years several trainings and educations in areas of coaching, psychosocial advice and training followed.

Since February 2024, Manuela Fuchs has been supporting the Coverdale Austria team as a consultant, trainer, and coach.

MANUELA FUCHS SAYS

"Group dynamics and systemic processes fascinate me! This is why I have studied them over the last 20 years of my professional career. Developing skills and finding new ways to work together efficiently in a complex workforce is becoming more important today."

I also have many personal interests, such as healthy nutrition & fitness, psychology & spirituality, nature & animals, reading & traveling, and I love to go to the cinema to watch a great movie.
